

SWEPP

SWEPP is a parent/community organization established in 1981 to support academically talented students and quality education in the Worthington School District. Our activities include ongoing support of the EPP program, support of Enriched course work at the Middle School level, and support of Honors and Advanced Placement course work at the High School level, advocating for academically-talented students and creating a network of support for their parents. Membership is open to any parent in the Worthington School District who wishes to support exceptional learners. You do not need to have a child identified as gifted or placed in advanced classes in order to join.

SWEPP welcomes your membership and appreciates your participation to whatever degree your schedule and interests allow.

THANKS FOR YOUR SUPPORT!
